I. Purpose

This section summarizes the principles, policies, and procedures at UC Davis that govern the evaluation and review of academic performance of members of the Academic Federation. These procedures should be used for each personnel action, taking into account relevant variations for the specific title series outlined in Sections APM 220 and APM UCD 220 for the specific title series of the candidate.

II. Access to Review Records

For Academic Federation actions, a single peer review group letter should not have identifying names
in the body, and if a department summarizes the peer review group's comments or if individual letters or comments along with votes are submitted, then these should be treated as confidential and be redacted, if necessary.

See APM 160 and APM UCD 220 II for more information regarding access to review records.

III. Appointment

An appointment is the initial employment of an individual in an academic position, employment into an academic title from any other academic title (appointment via change in title), the addition of an academic title in the same or different department, or an appointment via change in department of an academic appointment into a different title series.

IV. Advancement and review

A. Eligibility for Advancement

There are established periods of service at each rank and step that indicate the normative intervals for advancement to the next step. Refer to the specific title series policy listed in Section I for detailed information and Section APM UCD 220AF IV. F. for deferral request requirements. Note that although these time periods indicate the standard intervals between advancements, they do not preclude more gradual advancement, or more rapid promotion.

Departments should maintain accurate records for eligibility for advancement for their academic appointees. The Vice Provost’s office provides access to an eligibility list for all academic appointees that should be reviewed by deans’ offices and departments to determine the advancement actions or reviews that should occur in the next review cycle.

B. Special notes: Academic Senate processes for specific Academic Federation title series

1. Overlapping steps

   See APM UCD 220 IV. B. 1. This policy applies to only the following Federation title series:

   - Agronomist (___in the AES) (APM 320),
   - Professional Research (APM 310),
   - Specialist in Cooperative Extension (APM 334)
   - Project (e.g., Scientist) (APM 311)

   Steps 5 through 6.5 of the Assistant rank are normally used only when initial appointment has been at Step 2 or higher, and only if promotion to Associate rank can reasonably be expected by the following review cycle. The salary levels for these steps overlap those of Associate rank, Steps 1 through 2.5. When and if promotion is ultimately achieved, the level of the promotion is normally such as to avoid loss of salary. Advancements to Assistant rank, Steps 5 through 6.5 are not to be considered decelerations.

   Similarly, Steps 4 through 5.5 of the Associate rank are normally used only when initial appointment or promotion has been at Associate rank, Step 2 or higher, and only if promotion to Full rank can reasonably be expected by the following review cycle. The salary levels for these steps overlap with Full rank, Steps 1 through 2.5 of the full Professor rank. When and if promotion is ultimately achieved, the level of the promotion is normally such as to avoid loss of salary. Advancements to Associate rank, Steps 4 through 5.5 are not to be considered decelerations.

2. While employees holding an appointment in the Adjunct Professor series (APM 280) or
Health Sciences Clinical Professor series (APM 278) are members of the Academic Federation, policies and guidelines administering Academic Senate appointees govern this series (APM UCD 220).

3. Appointees in the Agronomist (___ in the AES) series (APM 320) and the Professional Research series (APM 310) who jointly hold an Academic Senate title are administered fully under the Academic Senate policies governing academic personnel review and advancement (APM UCD 220).

4. See APM UCD 220 IV. B. for Special Notes on the following topics:
   - Advancement of Joint Appointments (APM UCD 220 IV. B. 2.).
   - Mid-year appointments and the effect on the review cycle (APM UCD 220 IV. B. 3.).
