**Jeannie Darby**  
**Professor, Civil & Environmental Engineering**  
**Chair, Committee on Academic Personnel (CAP)**

May 18, 2022

# Typical Academic Review Process

- Every 2 years until Associate Professor, Step 4.0, you prepare your dossier (every 3 or 4 years thereafter)
- Department colleagues review dossier, vote, and prepare department letter of recommendation for advancement
- Dossier & department letter of recommendation goes to one or more of these entities for further review & recommendations and eventually final decision:
  - Faculty Personnel Committee (FPC) for your College/School
  - Dean of your College/School
  - Committee on Academic Personnel (CAP)
  - VPAA, Provost, Chancellor....

# Types & Roles Of Reviewers

## ▪ **Academic Senate Review and Recommendations**

- Department colleagues
- Your College's Faculty Personnel Committee (FPC)
- Campus-wide Committee on Academic Personnel (CAP)

## ▪ **Administration Review & Decision**

- Your Dean (if **Redelegated** actions )
- Vice Provost for Academic Affairs (VPAA) or Provost or Chancellor (for **Non-Redelegated** actions)

# Dossier Elements That You Prepare

- Research & Creative work
- Teaching
- Service
- Honors & Awards
- Grants & Contracts
- Candidate Statement

# When Will Your Dossier Be Seen By CAP?

- Initial appointment if **above** Assistant Professor, Step 3.0
- Appraisal for tenure
- If department, FPC or Dean recommend a 2.0 step advancement
- Promotion to Associate or Full Professor
- When advancing above Full Professor Step 5.0 (barrier step)
- When advancing to Above Scale (above Professor 9.5)
- Reappointments to Department Chair
- Appointment to Endowed Chairs or Professorships
- Some other less likely occasions

# CAP Membership

- Nine full professors representing major campus units
- Appointed by the Committee on Committees, typically serve 3 years (~3 new members/year)

# Research & Creative Work: Expectations

- ✓ **Evidence of continued and impactful engagement is essential for advancement and promotion**
- ✓ **Originality, creativity, scope, and impact of work**
- ✓ Development of **thematic focused program** that demonstrates your **intellectual voice**
- ✓ Expectations for **quantity** vary with field/department but **quality** needs some form of **peer assessment** (e.g., quality of journals, book publishers, conferences; extramural letters; reviews; impact factors, etc)
- ✓ Holistic approach taken by reviewers: no single factor makes or breaks a case

# Research & Creative Work: Items In Dossier

- ✓ **Publication list** (articles, chapters, books, patents, etc.)
- ✓ **Creative activities** (art, compositions, performances, etc.)
- ✓ **Contributions to jointly authored work:** very important page particularly if you are not the first or corresponding author. Describe your role/contribution for each paper. Include any mentoring role.
- ✓ **Grants & contracts** (award period, amount, funding agency, **role**)  
Money is not a criteria for advancement but demonstrating that your research is sustainable and impactful is; external funding can assist and/or indicate sustainability/impactfulness
- ✓ **Presentations & invited talks related to your research**
- ✓ **Honors & awards related to your research or standing in the field**
- ✓ **Candidate statement**

# Teaching: Expectations & Items In Dossier

- ✓ **Evidence of high-quality effective teaching is essential for advancement/promotion**
- ✓ **Assessment of teaching effectiveness**
  - Assessment of teaching from **students**; read your evaluations after each quarter so that you can make adjustments if appropriate).
  - Assessment of teaching from **peers**; both formal peer observation required for promotion & informal evaluations that occur via colleagues comments in department letter.
  - **Self** assessment of teaching – reflect on your effectiveness
- ✓ **Teaching load** (varies with department)
- ✓ **Teaching, advising, curricular development**
  - Courses, materials, approaches or curriculum you developed
  - Mentoring, co-authoring with, and graduating students
- ✓ **Grants & contracts related to education**  
(e.g., NSF CAREER award has education component)
- ✓ **Honors & awards related to education**
- ✓ **Candidate statement** (self-assessment)

# Service: Expectations & Items in Dossier

- ✓ **Your role** in University governance and service to your department, college/school, campus, profession, and public
- ✓ **Minimal expectations pre-tenure** (often focused on department & professional service via manuscript/proposal reviews). Ok to decline if service is hindering development of research/teaching
- ✓ **Expectations for breadth, depth & leadership increase with rank and step**
- ✓ **List of service** (department, college, campus & professional)
  - Dates of service with emphasis on period under review
  - Specify role (e.g., chair, member, participant)
  - For manuscript/proposal reviews, provide number of items reviewed for each entity in each year
- ✓ **Honors & awards for service**
- ✓ **Candidate statement:** Provides opportunity to describe workload of service activity, your unique contribution & impact. Membership alone is not service.

# Candidate Statement

- ✓ Optional but highly recommended
- ✓ Maximum of five pages, used to describe your contributions
- ✓ Start with summarizing the highlights from the review period for research, teaching and service before going into detail for each area. Not all of your colleagues will read all five pages😊
- ✓ Stay focused on the review period
- ✓ If a promotion, consider separating out key contributions that occurred after your last review from key contributions that occurred prior to the last review. This separation is useful for Step Plus actions
- ✓ Optional one additional page for COVID-19 impact statement
- ✓ CAP members do read your statement!

# Why A Candidate Statement?

- A focused, clear and succinct statement can convey important insights into your work & contributions
- Focus on the quality and significance of your work
  - Why is it important? Why is it innovative? What is the impact?
  - Identify your distinctive role in jointly-authored work
- Be forthright about your strengths and weaknesses
  - And the steps that you are taking to address the latter
- Mention any extenuating circumstances

# COVID-19 Impact Statement (Optional)

- Optional extra page allowed in candidate's statement
- Describe the impacts of the pandemic on your research, teaching, or service
- Describe opportunities you took advantage of during the pandemic (new activities, innovations, challenges overcome)
- Ideally discuss those impacts relative to your previous record
- No need to provide personal information

# Possible Recommendations/Actions

- **Appraisals:** positive, guarded, or negative
- **Merit advancements:** 1.0 step or more than 1.0 step
- **Promotions:** 1.0 step or more than 1.0 step
- **Accelerated promotions:** 1.0 step only

# Appraisals Are Often The First Time Your Dossier Goes To CAP For A Review

- An appraisal of your teaching, research/creative activity and service is performed in your **fourth year or sooner**.
- Your dossier is reviewed by the department, FPC, the Dean, CAP and the VPAA after which an appraisal letter is sent with reviewers' feedback on performance in each area.
- A **positive** appraisal indicates that continuation of the trajectory is likely to result in promotion;
- A **guarded** appraisal indicates that there are positive aspects of the record but that certain elements of the record – either incomplete, unknown in outcome, or deficient and requiring attention – yield concerns about the prospects of promotion;
- A **negative** appraisal indicates that the present trajectory does not meet Academic Personnel Manual standards and would likely result in a recommendation against promotion.

# Step Plus Guidelines For 1.0-step Advancement

- A 1.0-step advancement requires a balanced record, appropriate for rank and step, with evidence of a **meritorious** record of accomplishments in **all areas of review** (research/scholarly activity, teaching, and service\*)
- A 1.0-step action is a **substantial & commendable accomplishment**
- Expectations increase with rank and step
- Indicates that colleagues value and respect your accomplishments in research, teaching and service

\*and professional competence for some titles

# Step Plus Guidelines For Additional 0.5-steps

A 1.5-step advancement requires a **meritorious record in all areas** of review with **outstanding** achievement in **at least one** area (scholarly and creative activity, teaching, university and public service, and/or \*professional competence and activities (\*the latter is only for some titles)).

A 2.0-step advancement requires a **meritorious record in all areas** of review, with **outstanding** achievement in **at least two areas**.

For promotions, the record will be evaluated for the **entire** review period for extra 0.5-steps. All areas must be deemed meritorious (based on rank and step) to be considered for extra 0.5-steps in any area. Activities that have been previously awarded extra 0.5-steps will not be considered for additional 0.5 steps.

# A Few Final Notes About Your Dossier

- DEI statement (optional but might be a basis for additional 0.5-step in research, teaching or service if outstanding DEI contribution in one or more of those areas)
- Extramural letters (only for promotions and Above Scale)
- Review periods typically begin on July 1 & end June 30, with some extensions for late accepted publications
- Ensure information is current, accurate and complete
- Work closely with department chair and staff

# Resources

- Consult with senior colleagues, including faculty with experience on FPC or CAP
- Read the evaluation criteria in APM 210 and 220
- Visit the Academic Affairs website

**THANK YOU FOR YOUR TIME!**

# **DOSSIER PREPARATION FOR MERIT AND PROMOTION ACTIONS**

**MAY 18, 2022**

**Philip Kass  
Office of Academic Affairs**

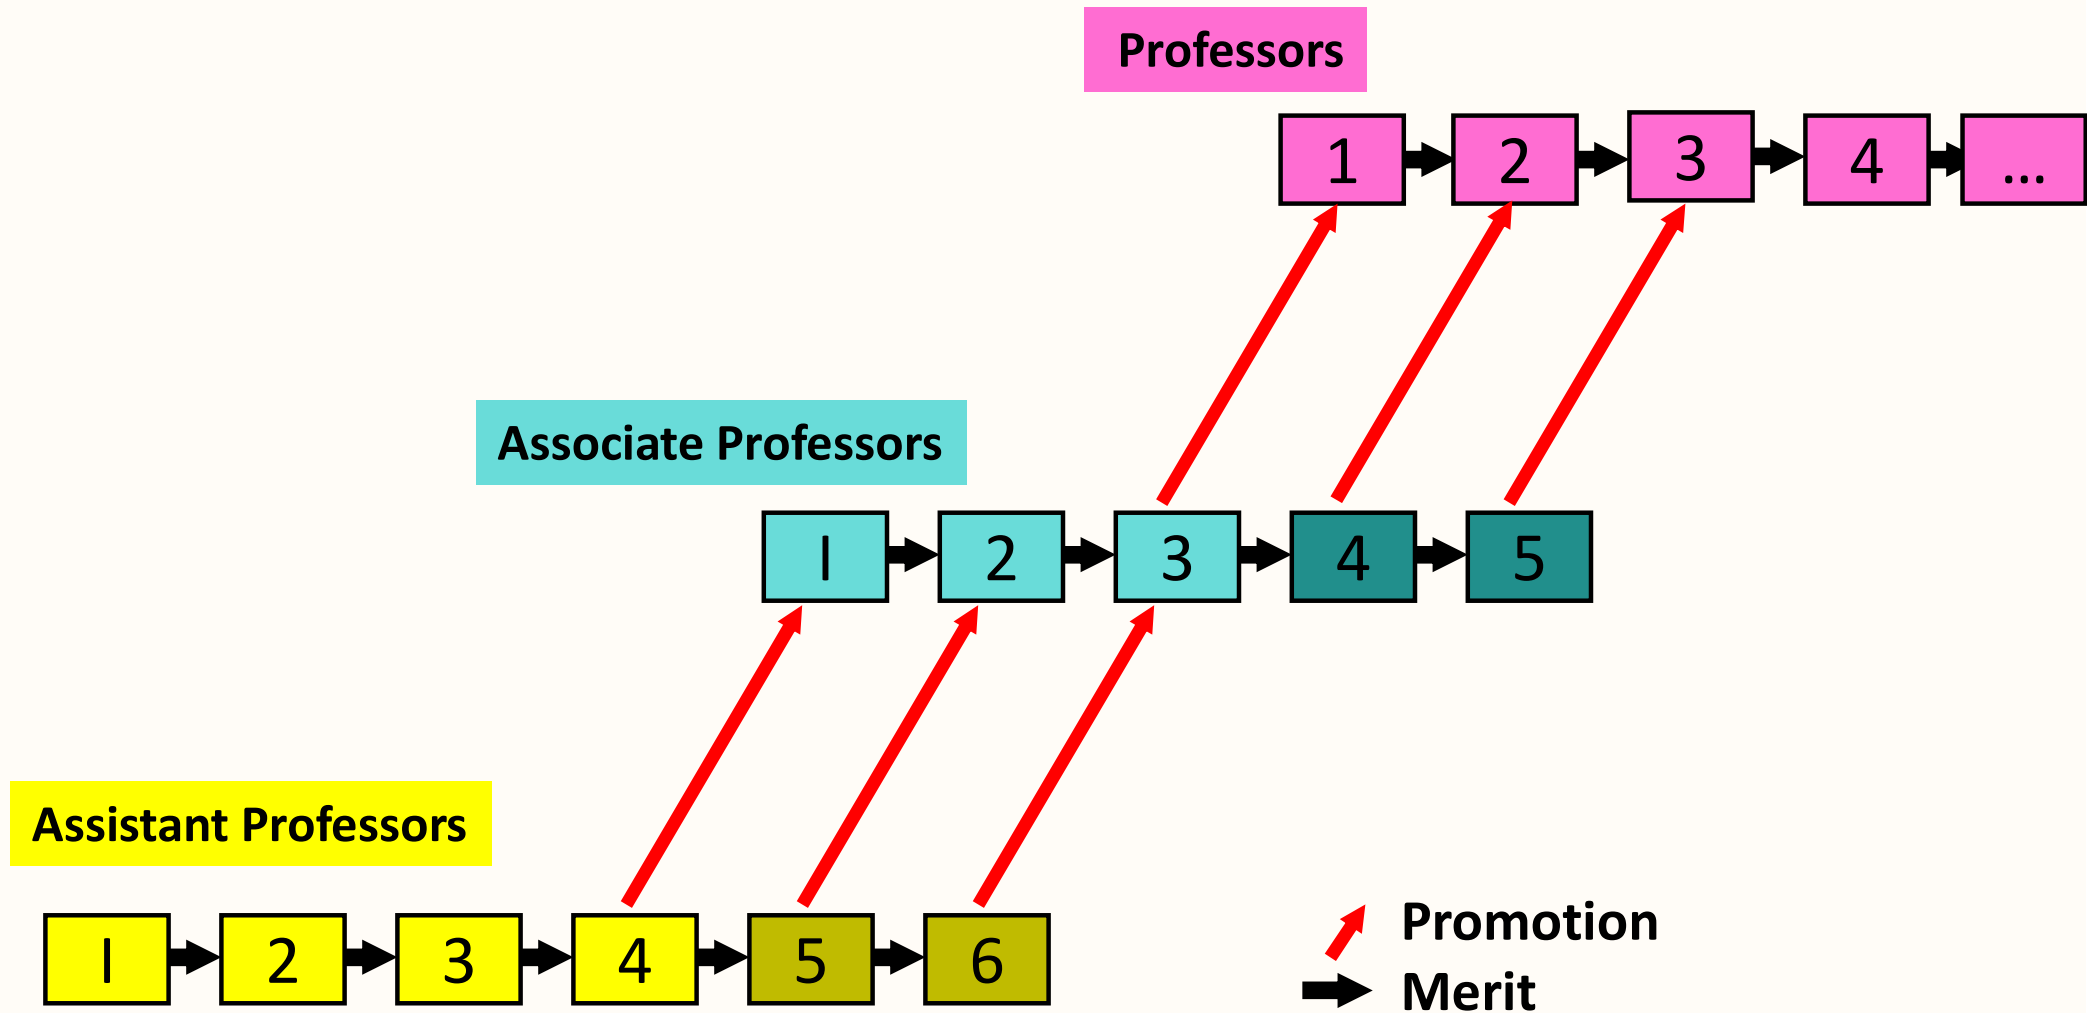

Each *line* represents a *rank* of Professor: A = Assistant; S = Associate; F= Full; AS = Above Scale  
 Each *digit* represents a *step* at that rank: for example, A3 = Assistant Professor step 3  
 Each *small tick* represents a year and each *large tick* represents a merit review, while moving from one rank to the next is a promotion. For Assistant and Associate Professors (up to Associate step 4), reviews normally occur every two years; for Associate step 4 through Full step 8, reviews normally occur every three years; for advancement from Full step 9 to Above Scale and Further Above Scale steps, reviews occur at four year intervals at the earliest.

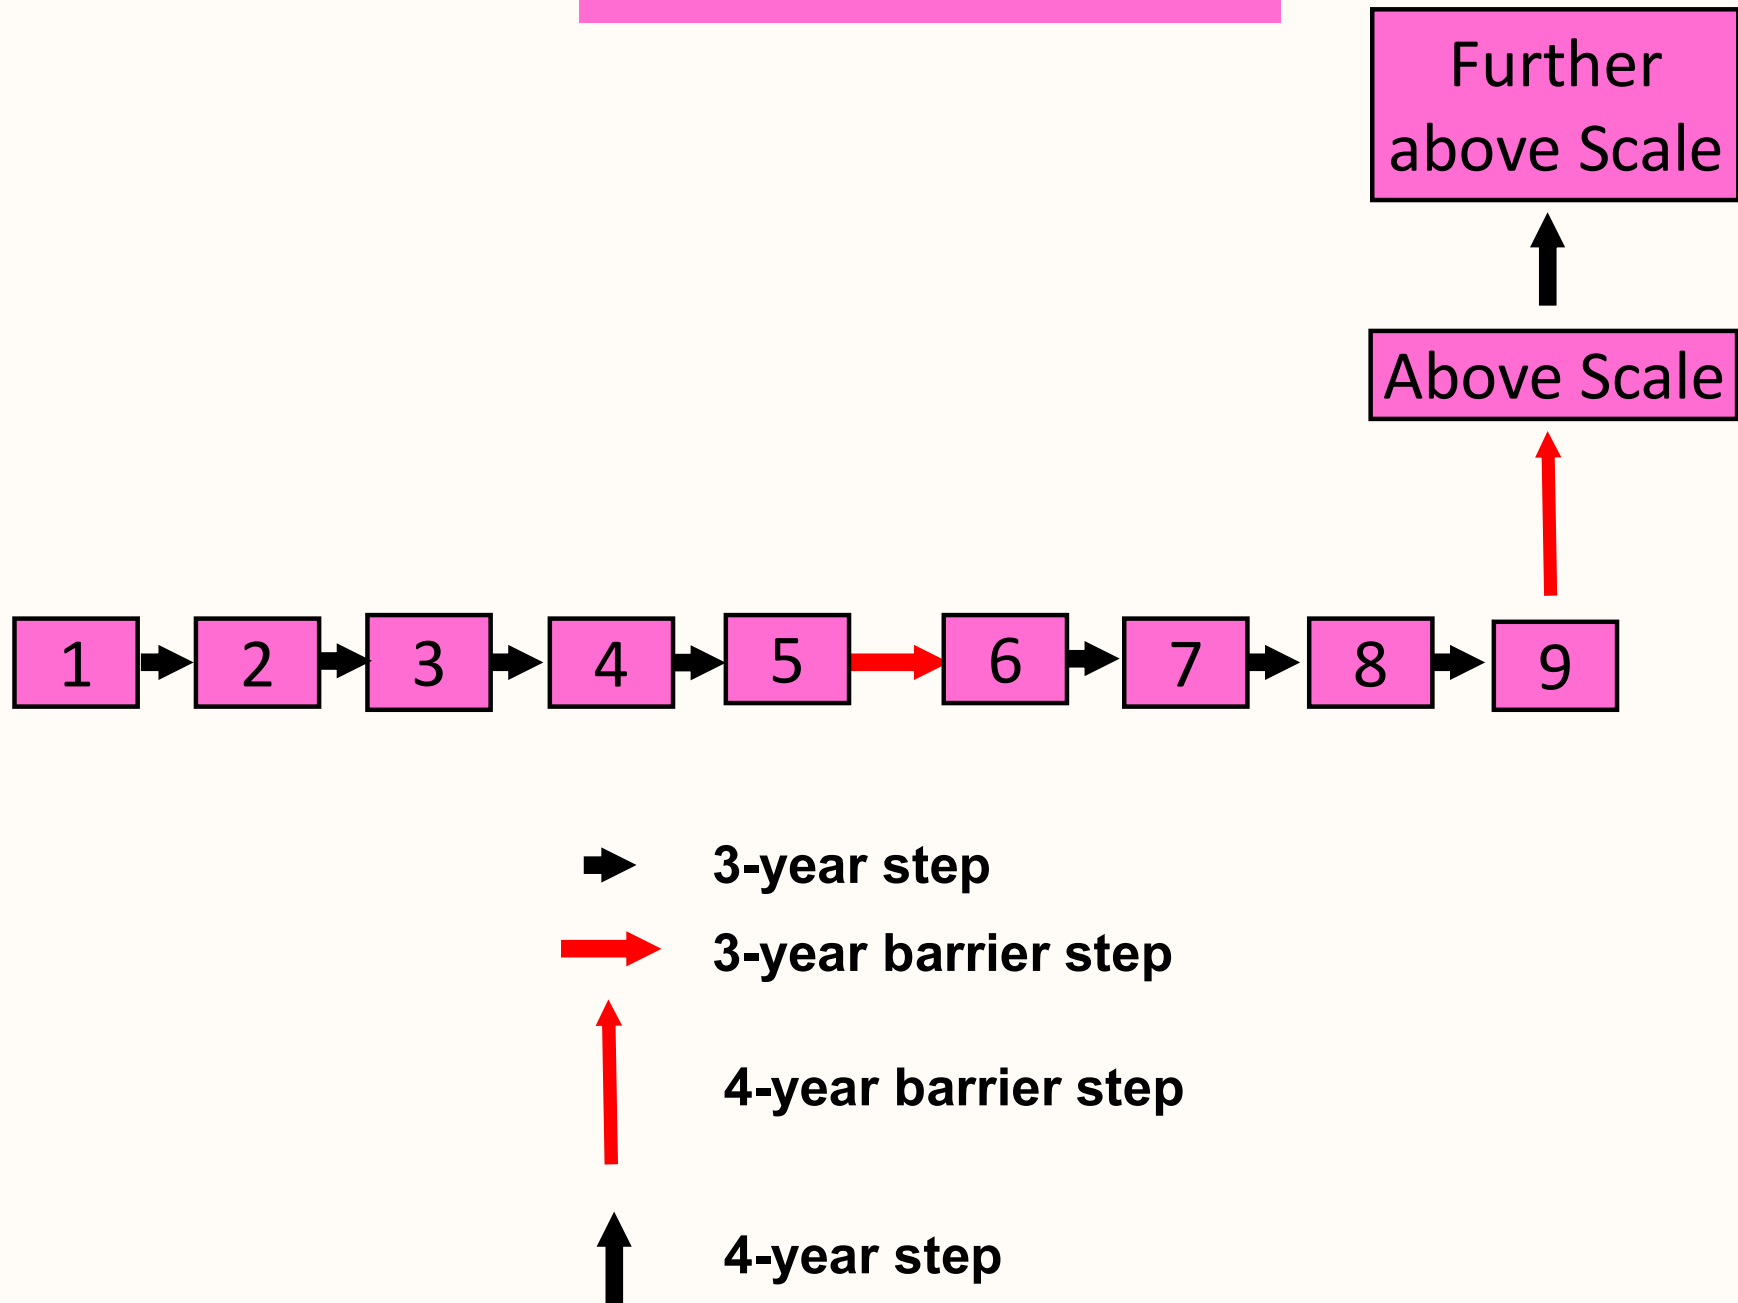

A candidate may defer or postpone a merit or promotion review, and actions not deferred can receive an advancement of 0.0, 1.0, 1.5 or 2.0 steps under the UC Davis Step Plus system. At Professor step 5 and above an individual may choose to remain at step without deferrals, but all individuals without any merit or promotion review after five years will undergo a 5-year review.

The shaded areas in the diagram represent *overlapping steps*: Assistant steps 5 and 6 (A5, A6) overlap with Associate steps 1 and 2 (S1, S2), and Associate steps 4 and 5 (A4, A5) overlap with Full steps 1 and 2 (F1, F2). Overlapping steps at a lower rank earn \$100 less than the equivalent step at a higher rank, and they allow for extra time if needed and if permitted at the lower rank while a candidate prepares for promotion to the higher rank.

# STEP PLUS ADVANCEMENTS!

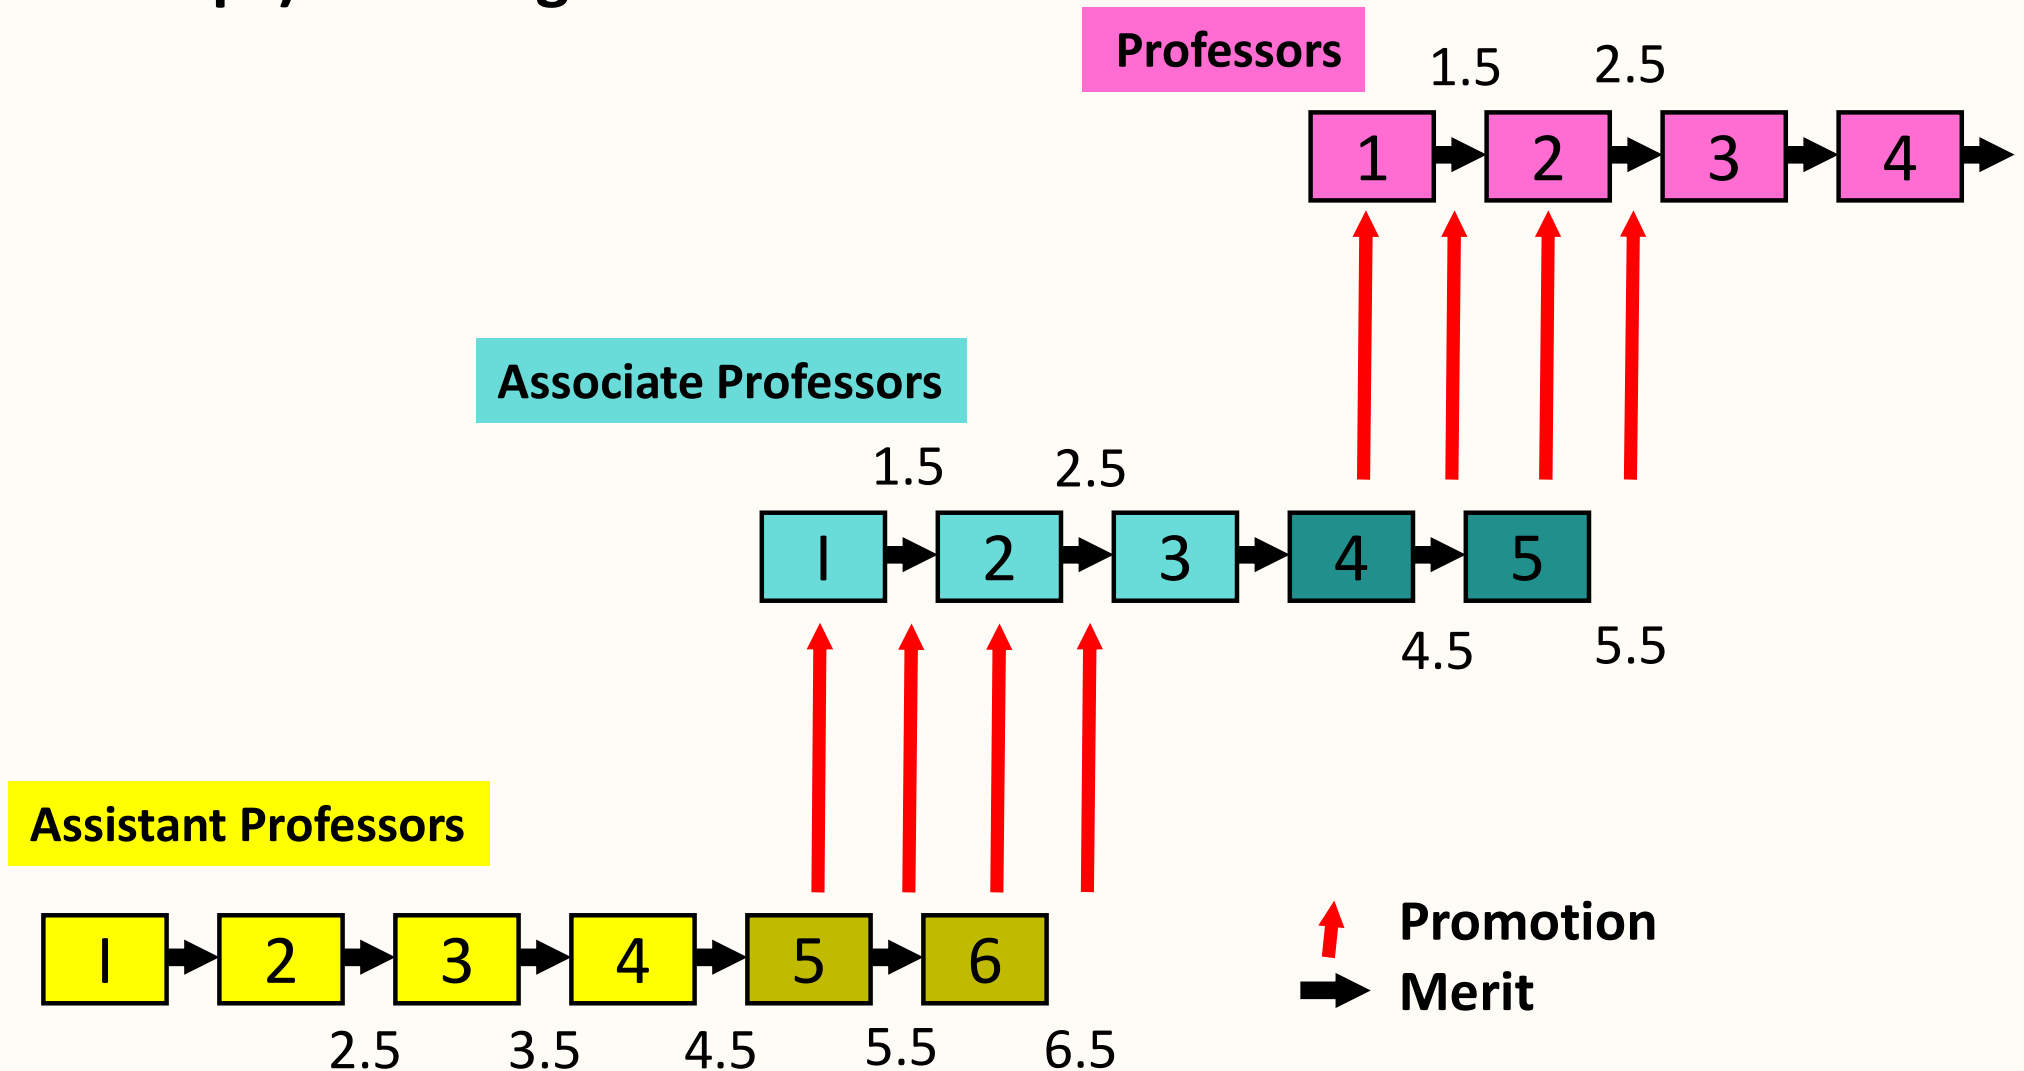

**“Clear? Huh! Why a four-year-old child could understand this report!**

**Run out and find me a four-year-old child, I can't make head or tail of it.”**

The UC Davis **Step Plus system** allows faculty to move faster (1.5 or 2.0 steps) based on greater-than-expected performance

The UC Davis **Step Plus system also** allows faculty at overlapping steps to laterally promote without loss of time at both ranks/steps (applies to whole and half steps) counting toward next merit action

The UC Davis **Step Plus system** also allows faculty to **accelerate in time** when promoting to Associate or full Professor, but only 1.0 step is allowed. No accelerations in time for high-level merits to Step 6 or Above Scale.

# A Primer on the UC Davis Step Plus system

- A faculty member is eligible for merit advancement after *normative time* at their current step (2, 3, or 4 years)
  - After deferral, candidate is eligible for advancement the following year
  - After denial or a 5-year review without advancement, candidate is eligible for advancement the following year; period of review continues to begin with last successful advancement.
- **Promotion** (to Associate Prof., full Prof., “LSOE”, “SLSOE”) can occur before normative time has elapsed, but promotions requested before normative time has elapsed are eligible for a maximum of one (1.0) step.
- Each merit/promotion dossier will be considered for Step Plus advancement
  - “normative advancement” is 1.0 step
  - Step Plus actions may be 1.5, 2.0, or (**EXTRAORDINARILY** rarely) > 2.0 steps

## Got DATA??? Words to the wise

- Keep track of all professional activities (committees, talks, invitations, etc.)
  - ✓ Set up file folders/spreadsheet for research, teaching, service, professional competence (whatever works for you)
  - ✓ Summarize regularly (quarterly or at least annually) and/or *enter data directly into MIV!*
- Keep your CV updated (publications, exhibits, invited seminars, grants, etc.) – *MIV can generate this automatically for you!*
- Consult with department colleagues, chair, and unit academic personnel analyst for advice on how to enter activities into MIV for YOUR discipline

# Responses you can make during review

- Check dossier for accuracy/completeness before chair releases it for department review
  - You can write a rebuttal of redacted extramural letters with which you disagree (promotions) – due within 10 calendar days from date of receiving copies of redacted extramural letters
- Check penultimate draft of department letter
  - ✓ Factual errors should be corrected
  - ✓ Content should reflect faculty views, and is not negotiable
- If you disagree with statements in the department letter, you can write a rejoinder (due within 10 calendar days from date of receipt of department letter)
- You can go forward for advancement even if the department vote is negative ... but is this a good idea?
- Fourth-year Appraisals provide Assistant Professors with input from peers about progress toward tenure promotion

# Where does your dossier go after it leaves your digital hands?

- This depends on whether the action is “redelegated” or “non-redelegated”
- If redelegated, your Dean makes the final decision
- If *not* redelegated, the Vice Provost – Academic Affairs makes the final decision (except for tenure decisions... these are made by the Provost or Chancellor)
- Non-barrier merits recommended for < 2.0 steps are redelegated
- URL for professorial (and other) series delegation of authority:  
<http://academicaffairs.ucdavis.edu/dofa.cfm>

## REDELEGATED ACTIONS

- Candidate (that's you) signs off on the digital dossier before it leaves the department
- Dossier goes from department to Dean's Office
- Most actions: Dean's Office sends dossier to college/school Faculty Personnel Committee (FPC – a subcommittee of CAP – Oversight Committee)
- FPC makes a recommendation to the Dean
- Dean makes final decision
- Appeals go to CAP-Appellate Committee (CAP-AC), and back to Dean for final action

# **NON-REDELEGATED ACTIONS: promotions, 2.0-step merit recommendations and merits to barrier steps**

- Candidate signs off on dossier
- Department sends dossier to Dean's Office
- Dean makes recommendation to Vice Provost – AA
- Vice Provost sends to CAP–Oversight Committee (CAP), which may recommend Ad Hoc review (done rarely)
- CAP recommendations go to Vice Provost for final action (except for tenure)
- If tenure case, Chancellor/Provost decide after consultation with Vice Provost
- Appeals go to CAP-AC; then to Vice Provost for final decision/recommendation (tenure cases go to the Chancellor/Provost)

# Guidelines for advancement under Step Plus: Professor series

- Regular, 1.0-step advancement
  - Requires a **balanced record**, appropriate for rank and step, with evidence of **meritorious accomplishments in all areas of review**. Academic Senate faculty can expect to advance at normal rates, unless a major flaw in their performance is evident. Service duties are expected to increase as faculty advance in rank and step.
- 1.5-step advancement
  - Requires a **strong record with outstanding achievement in at least one area of review across research or creative work, teaching, and service**. However, outstanding achievement in one area may not qualify the candidate for 1.5-step advancement if performance in another area does not meet UC Davis standards.

# Guidelines for advancement under Step Plus: Professor series

- 2.0-step advancement
  - Requires a **strong record in all three areas of review, with outstanding performance in at least two areas.** In *most* cases, one of those areas will be scholarly and creative activity, however, exceptional performance in two other areas (teaching, University and public service, professional competence and activities) might warrant such unusual advancement.
- > 2.0-step advancement
  - Expected to be extremely rare; requires an exceptionally strong and balanced record, highlighted by extraordinary levels of achievement in two areas (including research and creative activity), and excellent contributions in the third area.
- At Above Scale, criteria for acceleration are very stringent

# Guidelines for advancement under Step Plus: LPSOE/LSOE/SLSOE Senate faculty

- Regular, 1.0-step advancement
  - Requires a **balanced record**, with evidence of **meritorious accomplishments in all areas of review**. Academic Senate faculty can expect to advance at normal rates, unless a major flaw in their performance is evident. Service duties are expected to increase as faculty advance in rank and step.
- 1.5-step advancement
  - In addition to excellent teaching, requires a **strong record** with **outstanding achievement in at least one area of review across teaching excellence and educational innovation, professional [and/or scholarly] achievement and activity, and university and public service**.

# Guidelines for advancement under Step Plus: LPSOE/LSOE/SLSOE Senate faculty

- 2.0-step advancement
  - In addition to excellent teaching, requires a **strong record in all three areas of review, with outstanding performance** in at least two areas.
- > 2.0-step advancement
  - Expected to be extremely rare; requires an exceptionally strong and balanced record, highlighted by extraordinary levels of achievement in two areas (including teaching excellence and educational innovation).
- At Above Scale (available for Senior Lecturers SOE only), the criteria for acceleration are very stringent

# How do you find out what expectations for normative advancement are?

- Talk to your senior colleagues, your department chair, and to current or former Senate review committee members (CAP, FPC)
- Consider developing a “Plan for Progress” with your Chair
- Criteria and expectations, especially for promotion, vary among disciplines!
  - E.g. the “book disciplines”
  - the arts
  - STEM disciplines
  - Co-authorship, and intellectual/conceptual leadership
- Teaching expectations (and teaching loads) vary among disciplines
- Encourage your department to prepare written guidelines

# Your dossier establishes the case for a particular advancement outcome

- ✓ Good, strong contributions that meet expectations for normal advancement
- ✗ Substantial weaknesses, contributions well below expectations
- ★ Outstanding performance, contributions *well above* expectations

Possibly no promotion or no merit

1.0 step

1.5 steps

2.0 steps

# Which department members vote on your merit or promotion dossier?

- Only **Senate faculty** can vote on **Senate** personnel actions.
  - Most common series: Professor (also called “ladder-rank faculty”), Lecturer \_\_SOE, Professor of Clinical \_\_\_\_, Professor in Residence
- Each department has specific voting rules that determine:
  - Whether junior faculty vote on appointments or advancements at higher ranks
  - Whether *non-ladder rank Senate* faculty (e.g. LSOE series, Clin \_\_\_\_, etc. can vote on *ladder rank Senate* personnel actions
  - Whether emeriti can vote (uncommon)
- Review your department’s voting rules with your Chair
- **Your dossier communicates your record to your voters!!!**

# MERIT ACTIONS:

## MAJOR COMPONENTS OF SUBMITTED DOSSIER

# PROMOTIONS: ADDITIONAL COMPONENTS OF DOSSIER

- Letters from external referees
- Peer teaching evaluation
- Summary of record since terminal degree (for tenure promotion) or since last promotion, with achievements since last review identified
  - Dossier review by the Committee on Academic Personnel – Oversight Subcommittee (CAP) and the VP-AA will emphasize activities/achievements since the most recent review, while also considering the longer review period
  - If more than one step is being requested for outstanding work in one or more areas, *reviewers will consider whether that work has previously been awarded*

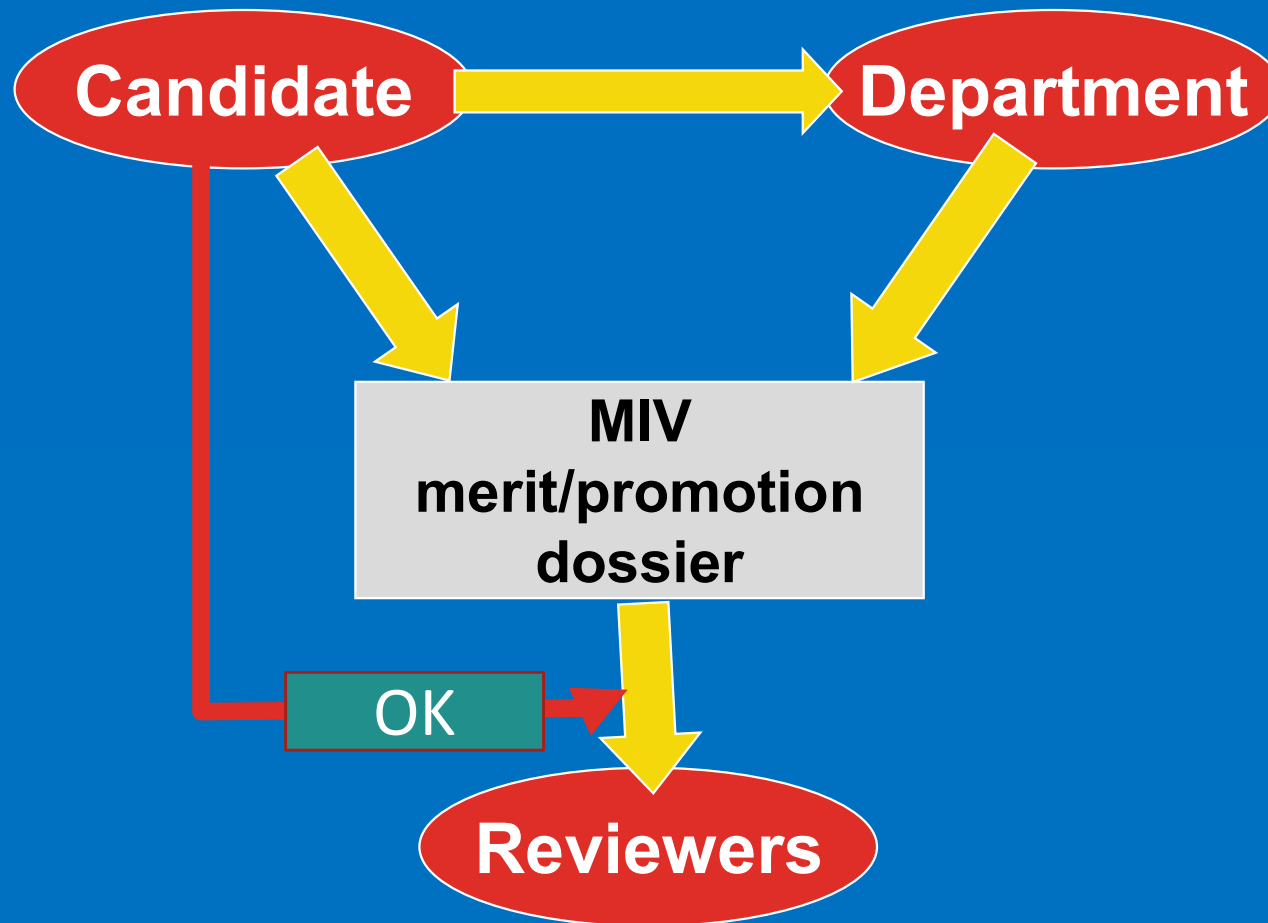

# STEP PLUS HAS COMPLICATED REVIEWS WITHIN 2 STEPS OF A PROMOTION OF HIGH-LEVEL MERIT BARRIER STEP

- A dossier submitted for promotion may instead be considered for merit advancement to an overlapping step if a key criterion for promotion has not been met
- A dossier submitted for a merit may gain support from the department, dean or FPC for promotion or for advancement past a high-level barrier step (Professor Step 6 or Professor Above Scale); if so, the dossier will need to be updated and a new review conducted
- If >1.0 step is being requested for outstanding work in one or more areas, reviewers will consider whether that work has previously been awarded

For Promotions or high-level merits:

## EXTRAMURAL LETTERS

- The department chair will request extramural evaluations of your record. **Some names will come from a list suggested by the candidate (you). Some will come from an *independently selected* list generated by the department.**
  - Most letters should be “arm’s length”—not from mentees, mentors, collaborators or other close associates.
  - Letters should be requested in Spring quarter, so get your materials together early, including a draft candidate statement.
- Before your dossier goes to the department for a vote, you have the right to see a redacted version of the extramural letters and write a rebuttal letter (this is relatively rare).

THE WOMEN IN MEDICINE SUMMIT AND EXPLORE THE SPACE IN COLLABORATION WITH SEVERAL PHYSICIAN LEADERS HAVE CREATED A COVID19 CONTRIBUTION MATRIX FOR YOUR CURRICULUM VITAE. YOUR DOSSIER SHOULD REFLECT WHAT YOU HAVE ACCOMPLISHED, AND ALSO CAPTURE THE OPPORTUNITIES IMPACTED DUE TO THE PANDEMIC.

FROM THE UNIVERSITY COMMITTEE ON FACULTY WELFARE  
(UCFW) AND THE UNIVERSITY COMMITTEE ON  
AFFIRMATIVE ACTION, DIVERSITY, AND EQUITY  
(UCAADE): JANUARY 26, 2021

“If “COVID impact statements” are to be encouraged and used during merit and promotion review, then **faculty should not feel pressured to divulge personal details or circumstances** in their files. It is strongly preferred that “COVID impact statements” provide merely a detailed accounting of **lost opportunities in the professional domain** (e.g., weeks of lost productivity due to campus closures, grants not submitted, manuscript submissions delayed; students not graduated; performances cancelled, etc.), rather than a description of personal impacts. **In other words, faculty should not be required to describe personal details and circumstances, such as family or personal illnesses or demands of dependent care duties, etc., in their files).** Excluding such personal details could help mitigate concerns over implicit bias, but may not eliminate them completely.”

# Merit advancement expectations

- Although reviewers are expected to exercise reasonable flexibility in assessing any one review period, continued advancement requires meritorious contributions in all areas! Expectations for service increase dramatically after promotion to Full Professor, especially at the high steps.
- The Step Plus merit criteria are applied by reviewers to determine whether they recommend > 1.0-step advancement in recognition of **outstanding** achievement in one or more areas of review over the period of review.
  - Find merit advancement criteria for all Senate titles at the Step Plus website: <http://academicaffairs.ucdavis.edu/policies/step-plus/index.html>
  - For Step Plus promotions or merit advancements to barrier steps, attention is paid to achievements since the previous merit review and the degree to which achievements over the longer review period have already been recognized and rewarded

## Promotion expectations

- Promotions and merits to barrier steps (Professor Step 6 and Professor Above Scale) are based on your cumulative record since your terminal degree (for promotion to tenure) or since your last promotion (to Associate or full Professor rank)
- Criteria for promotion involve the achievement of *benchmarks* in scholarship/creative work, teaching and service, and are separate from those for merit advancement.
  - E.g., have you established your own unique voice as a scholar?
  - Is your work having a demonstrable impact at regional, national or international scales?
- Review UC and UCD APM 210, 220 and 285 (SOE series)

- For LSOE promotion to SLSOE, provide evidence for national leadership and recognition for work on pedagogy

## LPSOEs:

### Professional achievement and scholarship

- For LPSOE level, publishing on pedagogy is a plus, *but is not required*; “in-house” studies and innovative trials can suffice
- Professional activity should demonstrate growth as a scholar of teaching and learning
  - Presentations at national meetings focused on pedagogy
  - Textbook writing, manuals for better instruction
  - Consultations with other departments, institutions
  - Participation in learning communities focused on pedagogy
- Grant proposals submitted and funded for teaching innovation, inclusion and other critical goals

Universitywide policies listed below begin with "APM." UC Davis policies and procedures begin with "UCD" and are highlighted below. Not all Universitywide policies have UCD procedures. Universitywide policies are issued by the Office of the President and apply to all campuses and laboratories. UCD procedures are developed by Academic Affairs and issued by the Offices of the Chancellor and Provost and apply only to UCD, which includes all units under the jurisdiction of UC Davis, located in Davis, Sacramento, and all off-site locations.

Throughout these policies, the term "Chancellor" refers to the Chancellor and/or the Chancellor's designee. Responsibilities that cannot be redelegated by the Chancellor are stated explicitly within the policy.
