

# Mentoring Graduate Students and Mentoring Labs

Russ Hovey  
Dept of Animal Science  
rchovey@ucdavis.edu

# Some of the many (exciting/daunting) challenges of running a program

1. The lab side
2. The human side
3. The physical lab x human interaction
4. Putting out a fire, should one start!

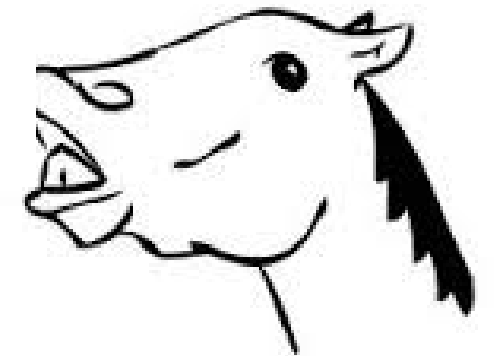

# 1. The lab side

Equipping the lab

Maintenance and prevention

Safety and protocols

Money

**DO NOT  
HORSE AROUND  
IN THE LAB**

## 2. The human side – everyone is different

Everyone is different

Personality assessments

Being a good listener

SS

## 2. The human side – everyone is different

Structure vs. flexibility

Give people space to do good work

Be prepared to let things go, and get over them

Be prepared to act on issues, but be strategic

)

### 3. The physical lab x human interaction...

Lead by example

“PEOPLE MAY  
**DOUBT**  
WHAT YOU SAY,  
BUT THEY WILL  
*believe*  
WHAT YOU DO”  
~LEWIS CASS

Explanations and decisions

### 3. The physical lab x human interaction...cont'd

Incentivizing

“PEOPLE MAY  
**DOUBT**  
WHAT YOU SAY,  
BUT THEY WILL  
*believe*  
WHAT YOU DO”  
~LEWIS CASS

Trying different strategies to inspire and get work done

## 4. Putting out fires:

a) Lab fire.

b) Personnel fires....
